NURSERY NEWS

This week we were so happy to be joined by those children who had been home learning during lockdown. They have settled well back into Nursery life and have enjoyed playing altogether again.

We have had a wonderful week preparing for a very important day for some special people in our lives....our mummies. We have been busy baking, crafting and making cards to show our mummies just how much we love them. We hope you enjoy your gifts and have a very relaxing day.

Alongside this, we have been continuing our term's topic on 'People Who Help Us'. We have a doctor's surgery set up in our role play area, where the children have been busy making our dolls and teddies feel better. Even the grown ups have needed injections and medicine!

e The letter we have been learning this week is the letter 'e'. We have found lots of things around the Nursery that begin with the 'e' sound and have worked hard on hearing the beginning sounds in words.

On Tuesday, we made the most of the beautiful sunshine and headed out in our wellies to the Forest Fun area, where we discovered lots of signs of Spring already, including daffodils, buds on the trees and the warmer air.

Here are some photos showing the fun we have been having this week.

RECEPTION NEWS

The return to school!

The children in Reception this week were super excited to be back at school! They had missed their friends and teachers so much that we decided to have a celebration with some food and drinks. The children prepared this all themselves, including making the sandwiches and snacks! They couldn't help but bop along to the music as they enjoyed their party food. Lots of smiles and happy children all round! It is so great to have all of you back!
